### CONVENIENCE AT THEIR FINGERTIPS

Enhance the customer experience by offering the convenience of the Scan&Pay App. Registered patrons simply scan their parking ticket and pay fees directly through the app, saving time by avoiding congestion at the pay station.

### SERVICE-MINDED

Increased use of Scan&Pay can lead to a decrease in the use of pay stations which reduces the operational costs caused by cash-handling and receipt paper consumption.

### LOW-COST CLOUD

Scan&Pay is an affordable service hosted in a secure Amano Cloud environment with regular software updates installed automatically and free of charge. This service includes extensive reporting and can be extended with additional features like regular data backups.
